🌐 <https://github.com/Thesujeetkr>

I'm a passionate MERN stack developer with solid foundation in HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB. Proficient in building dynamic web applications and passionate about learning and implementing modern web technologies. Possesses excellent problem-solving skills and a collaborative mindset to contribute effectively to project teams.

My Projects

Personal Portfolio Website

- Description: Designed and developed a responsive personal portfolio website to showcase my skills, projects, and professional background. Leveraged HTML, CSS, and JavaScript to create an interactive and visually appealing user interface.
- Github repository - <https://thesujeetkr.github.io/demo-portfolio/>

Netflix Clone

- Description: Designed and implemented a Netflix clone website, replicating the user interface and functionalities of the popular streaming platform. Leveraged HTML, CSS, and JavaScript to create a responsive and interactive application.
